Commercial Custom Under-Counter Bottle Freezer

SS304 Brushed Stainless Steel Air-Cooled Deep Storage Undercounter Cabinet (-10°C to -14°C)

CRAFTSMANSHIP HIGHLIGHTS / 核心卖点

- **Durable Food-Grade SS304 Construction:** Built with commercial-grade SS304 brushed stainless steel inside and out, offering superior corrosion resistance, easy maintenance, and compliance with international hygiene standards.
- **Efficient Air-Cooled System:** Forced-air cooling design ensures rapid pull-down times and even cold air distribution without manual defrosting required.
- **Stable Deep-Freezing Performance:** Maintains steady temperatures between -10°C and -14°C, controlled by a precision digital Shang Fang controller for accurate temperature monitoring.
- **High-Efficiency Core Components:** Driven by a premium imported brand compressor charged with eco-friendly R134a refrigerant, guaranteeing low noise, steady operation, and energy savings.

APPLICATION SCENARIOS / 场景展示

Bars Scenario

1. Bars & Nightclubs

Ideal for chilling glassware, spirits, craft beers, and beverage mixers under the bar counter.

Cafes Scenario

2. Cafes & Beverage Stores

Compact footprint fits neatly under standard prep counters for quick drink preparation.

Restaurants Scenario

3. Restaurants & Hotels

Heavy-duty brushed stainless steel exterior matches modern open commercial kitchens and buffet setups.

PRODUCT SPECIFICATIONS / 产品参数

Model / Category	Commercial Custom Under-Counter Bottle Freezer
Dimensions (W*D*H)	600 × 550 × 800 mm
Material & Finish	304 Stainless Steel (304SS) / Brushed stainless steel
Cooling System	Ventilated / Dynamic Air Cooling (Frost-Free)
Refrigerant Gas	R134a (Eco-Friendly)
Voltage / Frequency	220 – 240V 50Hz / 110V 60Hz (Customizable)
Net / Gross Weight	60 / 90 kg
Door Configuration	1 Solid Stainless Steel Doors With Heating Wires
