Commercial Under-counter Glass Door Refrigerator S700

Stainless Steel 304 Air Cooled Beverage Display Cooler with Defogging Glass

CRAFTSMANSHIP HIGHLIGHTS / 核心卖点

- **Premium Food-Grade Construction:** Crafted from brushed AISI 304 stainless steel for superior corrosion resistance, long-term durability, and effortless commercial cleaning.
- **Smart Air-Cooled Circulation:** Dynamic fan cooling system ensures rapid pull-down times and balanced 2°C to 8°C temperature distribution throughout the cabinet.
- **Crystal-Clear Heated Glass Door:** High-efficiency glass door with an integrated defogging/demisting heating system, guaranteeing condensation-free display visibility in humid restaurant environments.
- **High-Performance Imported Compressor:** Powered by a premium imported brand compressor, optimized for R134a refrigerant, low noise operation, and reliable commercial duty cycles.

APPLICATION SCENARIOS / 场景展示

Bars Scenario

1. Bars & Nightclubs

Ideal for chilling glassware, spirits, craft beers, and beverage mixers under the bar counter.

Cafes Scenario

2. Cafes & Beverage Stores

Compact footprint fits neatly under standard prep counters for quick drink preparation.

Restaurants Scenario

3. Restaurants & Hotels

Heavy-duty brushed stainless steel exterior matches modern open commercial kitchens and buffet setups.

PRODUCT SPECIFICATIONS / 产品参数

Model / Category	Commercial Under-counter Glass Door Refrigerator S700
Dimensions (W*D*H)	900 × 550 × 800 mm
Material & Finish	304 Stainless Steel (304SS) / Brushed stainless steel
Cooling System	Ventilated / Dynamic Air Cooling (Frost-Free)
Refrigerant Gas	R134a (Eco-Friendly)
Voltage / Frequency	220 – 240V 50Hz / 110V 60Hz (Customizable)
Net / Gross Weight	80 / 110 kg
Door Configuration	2 Glass Doors With Heating Wires
